Loss of Measurement book No 3218 in
No 1 Sub Division, Yamana Lake

Re letter No 1745-46 /E dated 28-8-46
from the Chief Engineer for Brigadier.

Measurement book no 3218 used for recording measurements of embankment of 3rd mile of Nakkalgue Channel is reported to have been lost

2. The facts can be briefly stated as follows:-

Mr. S. G. Krishna Ayyangar, Sub Engineer,
attached to No 1. Sub Div. Gamanahalli is
seen to have been sent three measurements

books viz 3218, 3257 & 3006 through the
Survey Party Kalliat on 19-1-1945 to
be delivered to Mr. Kinkaramanthy Naidu,

Surveyor, (Bark no 3218) and M. L. Ramachandra
Rao, Sub Engineer, (Barks nos. 3257, & 3006).

No acknowledgment seems to have been insisted upon by Mr. Krishna Deyar, nor does he seem to have made sure that

Subsequently that the books were
delivered safely to Mr. Ramachandra Rao
received the two books intended for him
and Mr. Christina Marthy Nair did not
receive any book at all. The
Surveyor Cooky says that in all these books
were handed over to Mr. Ramachandra Rao.
but there is no acknowledgment from the Surveyor.

Mr. S. G. Krishna Dyengar, sub engineer attached to the Gramamahallu sub div, is reported to have sent 3 mt books ^{two} to Mr. Krishnamurthy Naidu Surveyor & Mr. L. Ramachandrarao, through a Survey Certy, on 19th ^{for} ~~19th~~ NO acknowledgement was either asked or given. Whereas the former received his two books, the latter says he did not receive the one said to have been sent to him. The Survey Certy says

Loss of Mt Book no 3218 in no 1 Sub Div - Yamanaoli.

That all the three were given to Mr Ramachandrababu but there is no acknowledgement forthcoming from either of them.

The loss was noticed in May March 1945. one of the books no. 3218 is reported lost and this was pertaining to the channel work & all mts recorded therein have been billed & paid for.

Mr. S. G. Krishna Pyengar, sub-engineer on whom the responsibility for loss devolves is on Rs 125, the max^m of the grade. The loss of a mt book is a very serious matter. C.B.I. therefore proposes that his pay be reduced by 10 Rs for a period of six months, a punishment which is usually meted out in such cases.

The C.B.I's recommⁿ may be accepted and the mt book said to be written off ^{the} accounts.

Re:- Loss of measurement books No. 3218.

I have the honour to state that the measurement book No. 3218 pertaining to the embankment works of the Ukkaligere sub branch which was sent with the survey cooly for being delivered to the concerned subordinate is reported to have been lost. It is seen from the file of correspondence herein enclosed that the section officer, Mr. S. G. Krishna Iyengar sent three measurement books Nos. 3218, 3006 and 3257 through survey cooly for being delivered to the concerned subordinates. Book No. 3218 relates to the section of Mr. Krishnamurthy Naidu, Surveyor and the remaining books Nos. 3006 and 3257 relate to the section of Mr. L. Ramachandra Rao, Suboverseer.

2. The Survey cooly has mentioned in his written statement that he handed over the measurement books to Mr. L. Ramachandra Rao, Suboverseer who refused to give any acknowledgement for the receipt of the same. He further says that as he was un-well he did not remember the number of books he handed over to the Suboverseer.

3. Mr. L. Ramachandra Rao, Suboverseer has mentioned in his statement that he received only two measurement books relating to his section for which he gave acknowledgement to the survey cooly.

4. Mr. Krishnamurthy Naidu has reported in his statement that he has not received the measurement book No. 3218.

5. It is seen that Mr. Krishnamurthy Naidu was reminding the section officer about the measurement book and it is only when a reference was made from the Subdivision to the Section officer, about the whereabouts of the measurement book that the section officer reported about the missing of the book. On enquiry, Mr. S. G. Krishna Iyengar, Sub Engineer is stated to have reported that survey cooly through whom measurement books

measurement books were sent did not give acknowledgement obtained from the subordinates.

6. If the sub Engineer had maintained a tappal book for entry of the measurement books for getting acknowledgement from the Suboverseers, there would have been possibility of tracing out the ^{partly responsible} ~~culprit.~~

7. I therefore recommend that the pay of Mr. S. G. Krishna Iyengar, Sub Engineer may be reduced from Rs. 175/- to Rs. 165/- for a period of six months ^{warned} to be more careful in future.

8. The channel work is being done through piece-work system. Bills so far prepared are reported to have been paid. The works done so far are stated to have been inspected by the Executive Engineer and the Assistant Engineer. No further work is reported to have been done in the channel.

9. Under the above circumstances, sanction of the Government to write off the measurement book No. 3218 from the list of measurement books may kindly be obtained and communicated.

I have the honour to be,

Sir,

Your most obedient servant,

CHIEF ENGINEER FOR IRRIGATION.

GCS/27th.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE

Public Works Department

READ —
